We Want to Be a Member in EPA's Voluntary National Waste Minimization Partnership Program

GENERAL INFORMATION

Company Name: Crown Equipment Corporation

Principal Contact: Brian Duffy

Facility Location: 44 South Washington Street

Mailing Address: same

Phone: (419) 629-2311

Email: Brian.Duffy@crown.com

Facility Name: Crown Equipment Corporation

Title: Corporate Environmental Manager

City/State/Zip: New Bremen, OH 45869

City/State/Zip: _____

Fax: (419) 629-9232

PARTNER AGREEMENT

Our organization/company is choosing to become a partner in EPA's National Waste Minimization Partnership Program. Our goal is to reduce the quantity of one or more Waste Minimization Priority Chemicals currently found in our hazardous and/or nonhazardous wastes using source reduction and/or recycling practices in lieu of waste treatment or land disposal practices. In this enrollment application, we identify one or more voluntary waste minimization goals that we believe we can achieve as Partners in this Program. The voluntary goals provided below are initial estimates and may change over time. We may revise our goals or withdraw from the program at any time. If/when choose to revise our goals or withdraw from the program, we will notify EPA.

GOAL #1. Chemical Name: Chromium

CASRN: 18540-29-9

Narrative description of proposed project and the method we will use to measure success: _____

Investigate the use of chromium-free alternative coatings, as well as ways
to reuse or recycle chromium waste.

1. Our voluntary source reduction goal for Chemical #1 is to reduce the amount of this chemical generated in hazardous waste from a baseline amount of 40,000 pounds generated in October, 2003 (month/year) to a reduced amount of 0 pounds generated by June, 2004 (month/year).

2. To accomplish this goal, we will explore the following source reduction options (check all that apply):

 Equipment or technology modifications.

 X Reformulation or redesign of products.

 Improvements in inventory control.

 Other (explain): _____

 Process or procedure modifications.

 X Substitution of less toxic raw materials.

 X Improvements in maintenance/housekeeping practices.

3. Our (optional) voluntary recycling goal for Chemical #1 is to increase the amount of this chemical recycled from a baseline amount of 0 pounds in January, 2004 (month/year) to an increased recycled quantity of 15,000 pounds by January, 2005 (month/year).

4. To accomplish this recycling goal, we will explore (check all that apply):

 X Direct use/reuse in a process to make a product.

 Process the waste to recover or regenerate a usable product.

 Use/reuse as a substitute for a commercial product.

 Other (explain): _____

Authorizing Official/Title: Brian Duffy, Corporate Environmental Manager

Project Contact (if different from Authorizing Official): _____

NOTE: Use supplemental sheets for additional goals.
